

Section IV- Budget and budget narrative

Budget and budget narrative should be completed in table format as shown as below.

The budget narrative must include how the grant will be used for each item listed in the budget.

Budget Item(s)	Amount	Budget Narrative
Interview 15 consumers for pretesting the developed survey instrument	\$150	Each interviewee receives \$10 gift card as an incentive and appreciation for their participation.
Collecting 223 survey responses through wjx.com	\$400	The survey data collection using the professional online survey platform costs \$400.
Requested amount from the GPSA Dissertation Grants	\$550	

The more details provided for the project timeline and budget the better. This will help the selection committee better understand the need and importance for dissertation grant funding.
