13		Support nominee as successful student with strong academic background in graduate school?				5

Overview of Worthy, DePauw & Wang Service Leadership Award

Mr. Wang is an alum of WSU and the first international student to be president of GPSA. The Worthy, DePauw & Wang Leadership Award recognizes exceptional graduate student leaders whose work seeks to improve the lives of fellow graduate students meaningfully. A Graduate Student Leader should exemplify service and advocacy: their leadership may have been through GPSA, an RSO, within their department, or through statewide or national leadership. Regardless of the mechanism through which they engage in Leadership, this award seeks to recognize those who stand out in their work to bolster the lives and experiences of their fellow graduate and professional students.
